

What good is a philosophy major?

Students declaring an intention to go to graduate school in philosophy score higher on the **Graduate Record Examination** (GRE) than 46 out of 50 major fields.

Philosophy students score **higher than every other major field** in the arts and humanities, the social sciences, the life sciences, education, and business.

On the **Law School Admission Test** (LSAT) and the **Graduate Management Admission Test** (GMAT), philosophy students score **higher than majors in all of these fields**: political science, history, economics, sociology, business, education, biology, chemistry, and engineering.

Philosophy prepares you for whatever career challenges you'll face later in life. Philosophy students have the scores to prove it. Tell that to the next person who asks what good a philosophy major is!

Dig deeper

Philosophy

Philosophy teaches you to dig beneath the surface of issues, to uncover hidden assumptions, to grasp the essence of things.

Tired of skimming the surface? Dig deeper.

Try philosophy.

Philosophy at Acadia

The “Academics” page of the Acadia website begins with these words:

At Acadia, we teach you to question. Our faculty members will challenge you to think critically. To debate and engage. And to enjoy intellectually challenging academic programs.

No other department at Acadia matches the Philosophy Department in its focus on critical thinking and the pursuit of intellectual challenge for the intrinsic rewards it offers. Our award-winning teachers and rigorous program produce highly successful graduates.

Recent students in our program...

- won the Webster Award (\$5833) for top student researchers at Acadia, two years in a row
